

Fracture Cover

Your Policy Terms and Conditions

Fracture Cover is insured by **AXIS Specialty London (the insurer)** with all claims processed by **Trustedoctor**.

Fracture Cover is arranged through Legal & General Partnership Services Limited as agent of the insurer and administered by Legal and General Assurance Society Limited.

When we say 'we', 'us' or 'our' in this document, we mean Legal & General Assurance Society Limited.

When we say 'you' or 'your' we mean the owner/s of the policy who is/are legally entitled to receive the amount of cover when a valid claim is made.

When we say 'life insured' we mean the person whose life is covered under the policy. If there is more than one life covered then this definition covers all lives insured.

The words in **bold** are defined terms with specific meanings. A glossary of these terms can be found in the 'Definitions' section.

Please be aware that your terms and conditions have changed since your last renewal.

AXIS Specialty London have changed the payments made for different injuries and injuries from football will no longer be covered.

Your cover

When does cover apply?

Fracture Cover is an annually renewable benefit. It begins at the inception date of your policy but will not be renewed if:

- the policy ends, in which case it will end on the **policy expiry date**; or
- the life insured is turning 70 years old; or
- you can't renew the benefit because:
 - the life insured is resident outside of the UK; or
 - our relationship with **Trustedoctor** or **AXIS Specialty London** comes to an end; or
 - there has been any change of law, regulatory requirement or taxation which means we can no longer offer Fracture Cover.

There may be circumstances where we are no longer able to offer this benefit. If this applies, then we will contact you with reasonable notice, remove the benefit from your policy and recalculate your premiums accordingly.

We will contact you 30 days before the **renewal date** to let you know if your premium or the terms and conditions of the benefit have changed. We will let you know what you need to do and if:

- you chose to opt out from automatically renewing. If so, your cover will stop the day before the **renewal date**. You can still renew your cover by contacting us at least five days before the **renewal date** using one of the methods shown in the section headed 'Useful Contacts'.
- you chose to automatically renew. If so, your cover will automatically continue on the **renewal date**, even if the premiums have changed. You must tell us at least five days before the **renewal date** if you don't want to renew. You can cancel the automatic renewal feature at any time, using one of the methods shown in the section headed 'Useful Contacts'.
- we won't renew the option. If this happens, the policy will continue without Fracture Cover and we will recalculate your premium.
- the scenario arises where your policy is due to end in less than 12 months at the renewal date, we will continue without Fracture Cover and will recalculate your premium.

You can cancel the benefit at any time. If you do the premium for your policy will be recalculated. The benefit cannot be reinstated later.

What is covered?

The insurer will cover the life insured if they **fracture** a bone, dislocate a joint, rupture a tendon or tear a ligament as listed in the table on the following page.

Where the life insured makes a claim for multiple injuries as a result of the same event the policy will pay only the injury with the highest payment amount. There is no limit to the number of claims for separate events they can make during the term of the policy however the maximum amount the insurer will pay out for each person that is covered in any policy year is £4000. A policy year runs from the start date of the policy to the day before the policy anniversary date, and each subsequent anniversary date.

You will need to make sure the premiums for your policy continue to be paid until the insurer agrees to pay the claim. As this type of claim doesn't end the policy, your cover will continue with no change to your amount of cover. You will need to ensure your premiums are paid after **the insurer** has paid the claim if you want to continue with Fracture Cover as an additional benefit.

The insurer will pay the amount specified for each **fracture, dislocation, tendon rupture or ligament tear** shown in the table on the following page, or in the event of multiple injuries the highest of the amounts shown, subject to the annual limit of £4,000 per policy year.
