For adviser use only

# Welcome to the Occupation Class Guide

This guide will help you to determine your customer's occupation class. Your customer's occupation will decide the definition of disability or incapacity which applies to their policy in the event of a claim. These definitions will also differ depending on the type of plan purchased (see chart on page 3).

**This guide contains a list of job titles with the relevant occupation class. However, these are for guidance only and it is possible that your customer's job title is not listed. If you need any help in finding your customer's occupation class, please contact Pre-sale Underwriting Enquiries on 0370 060 0004 (Monday - Thursday 9am - 5pm, or Friday 9am - 4pm). For your protection, we may need to record and monitor calls. Call charges will vary.**

Depending on the product applied for and the route applied through, we will ask some or all of the following questions about whether your customer's occupation involves working:

- outside at heights over 15 metres for more than 5 hours during a typical week. 15 metres is the height of a typical three-storey building.  
For Whole of Life applications only – outside at heights over 12 metres (40 feet) for more than 10% of the time;
- in the Armed Forces or as a member of the Army Reserve;
- in the offshore fishing industry;
- in the offshore oil or gas production industry;
- underwater;
- underground, for example: mining, tunnelling;
- with explosives;
- as a full-time barman, barmaid or landlord in a public house. Full time means working an average of 30 or more hours a week.

**Individual consideration is required for those indicating any of the above apply.**

**Part-time workers** - Part-time workers can apply for an income protection policy, however, if they work less than 16 hours per week the customer would only be eligible for houseperson's cover.

**Critical illness & income protection** - We will need additional occupational information for these products. Your customer will need to indicate which of our occupation categories best describes their occupation (please refer to the table below). For selected critical illness and all income protection occupations, we will also need the customer's specific job title.

**Housepersons** - If your customer is a houseperson, unemployed, student or retired, they will not need to select an occupation category, they will proceed under our 'Housepersons' category.

## Abbreviations and Occupation Class Codes

The following codes are used in the Occupation Class listings:

Code	Product
IP	Income protection
CI	Critical illness
WOP	Waiver of Premium For WOP all occupations are acceptable unless a "U" or "IC" is shown.

Code	Definition of Disability
A	Acceptable
U	Unacceptable
EO	Exclude occupation (CIC only)
IC	Individual Consideration – refer to Underwriting Helpdesk (MUTAL)
EP	Extra Premium

 \* Details given in this guide are for those customers NOT working at heights (see page 2 for our definitions of working at heights). Otherwise treat as IC. If an occupation is not specifically listed then those occupations, where working at heights is involved, are likely to receive the following decisions. The most likely outcome is in the attached table:

Life cover	A rating would be applied
Waiver of premium	This benefit would not be available
Critical illness	An occupation exclusion would be applied
TPD – own occupation definition	This benefit would not be available
TPD – SWT definition	This benefit would normally be available
Income protection	This type of policy would not be available

 IPB Policies only

<sup>^</sup> For this occupation the minimum deferred period is 8 weeks and the maximum expiry age allowed is 65.

<sup>†</sup> For this occupation the maximum expiry age allowed is 50.
