

Group Life Assurance ONIX wellbeing services

As part of our ONIX benefits package, Legal & General's Group Life Assurance provides your client with access to the following wellbeing Services:

Be well.

by actively managing their wellbeing

Day-to-day wellbeing support: Free wellbeing and counselling service that provides in the moment support to employees and their immediate families, 24 hours a day, 365 days of the year.

Later life care support: A service to help employees understand the care options and support available. Designed to help provide peace of mind when planning the care arrangements for a loved one.

Get better.

when accident or illness strikes

Virtual GP: Employee's can access Virtual GP that's designed to provide support for a range of concerns either by phone or through video – it can in many instances, be just as effective as a traditional face-to-face appointment.

- A private prescription delivery service, although the cost of the medication isn't covered, can help when it isn't practical to go to the pharmacy.
- Sick-notes can be issued by GP's
- Employees can receive fast referral for private treatment to compliment other arrangements they may have.

Face to face bereavement counselling: If there's a claim, the immediate family could have access to up to eight counselling sessions.

Emotional and practical support: Immediate family will be able to get information and direction for them to know where to start when it comes to a range of issues, such as probate and tax issues, pension tracing and funeral arrangements.

Be supported.

when they need it most

Financial protection: Losing a loved one is difficult enough, so the last thing an employee's dependants need, is to have to wait for a claim to be paid.

We'll look to make the payment at claim as straightforward as possible, by aiming to pay the lump sum within five working days of us receiving all the information we need.

Payments can start to be made without waiting for probate or inheritance tax, depending on individual circumstances.

Eligibility Criteria: Virtual GP service is only available alongside new Group Life Assurance policies insuring up to 500 employees that are purchased and maintained through ONIX. Wellbeing services are non-contractual benefits provided through Legal & General and can be altered or withdrawn at any time.
