

Group income protection rate review and renewal form

Principal employer's name

Policy number

Your **annual renewal date** is approaching and we need you to send us up-to-date membership information. We use this information to work out accurate premiums, check claims, and help keep your **policy** up to date.

We need this information within 30 days of the **annual renewal date**.

You'll find explanations of the technical terms we use in the glossary at the end of this form. Where terms covered in the glossary appear in the main text, we've highlighted them in bold, **like this**.

Please read and fill in this form, and return it to us with the membership spreadsheet. If you need more space you can give us the extra details in a separate document.

To help protect the membership information you send us you may wish to consider applying security measures, such as password encryption.

1. Membership spreadsheet

You'll need to send us a membership spreadsheet showing the following details for each current insured **member**. We need this information to be accurate at the **annual renewal date**.

- Membership category (if you insure more than one benefit level)
- First name
- Last name
- Date of birth
- Gender
- Job title
- Work postcode
- **Scheme earnings**
- **Pensionable earnings** (if you cover pension contributions and **pensionable earnings** are different from **scheme earnings**)

You don't need to include the details of a person we're currently paying benefit for. If your **policy** includes the following contract features:

- **Exact cost accounting.** Please show the dates if a **member's** cover has started or ended since the previous **annual renewal date**. If **scheme earnings** for a **member** can change between **annual renewal dates**, please also show the date and change amount.
- **Partnership accounting.** Please show the dates if a **member's** cover has started or ended since the previous annual renewal date.
- Pension contribution cover that varies between **members** in the same category. Please show the pension contribution amount for each **member**.
- A **scheme earnings** or benefit limit for a category, or a **member's** medically underwritten benefit. Please limit **scheme earnings** to this maximum.

Tick the box to confirm your membership spreadsheet is in line with the insured eligibility and benefits, and accurate at the **annual renewal date**.

2. End of year totals

If your **policy** uses **sweep up accounting**, we need the following totals, accurate on the day before the **annual renewal date**.

Number of **members**

Total scheme earnings

If you don't give us this information, we'll use the totals from the membership spreadsheet to work out your end of year account.

3. Take up rate

If the **policy** eligibility is linked to membership of your pension scheme, please give the percentage of eligible individuals who join your pension scheme.

%

4. Medical evidence

You need to tell us about anyone who needs to give us medical evidence before we can consider their full cover. Times we need medical evidence include:

- When a **member's** cover goes over the **free limit** for the first time.
- Anyone who needs cover before or after they're first eligible and our terms say medical evidence is needed.
- If our terms say we need medical evidence to consider cover.

The above is just a summary. Our **policy** gives you full details of when we need medical evidence.

Tell us as soon as you're aware of a **member** needing to supply medical evidence. We suggest you regularly check if anyone needs to give you medical evidence and not leave it to the **annual renewal date**. Regular checks will help you make sure you have the cover you need.

5. A reminder

Information accuracy

Our **policy** asks you to make sure the information you provide is complete and correct. We will not pay a benefit for a **member** if you don't meet the requirements in this form and the **policy** for that **member**.

You need to make sure the membership information is in line with the eligibility conditions and benefit basis we insure. We will not pay a claim for an individual who isn't on the membership spreadsheet, or is included for a benefit we haven't agreed to insure.

Participating employers

You need to tell us if you want to add or remove an employer under the **policy**. We can consider these changes from the day you tell us, or a future date. We may set new terms and change the rate and premium we charge you.

6. Data protection and disclosures

8. Glossary

Annual renewal date is the day each year we work out your accurate account and premium.

Exact cost accounting is an accounting method we normally use for **policies** insuring nine or fewer **members**. This method accurately allows for when **members** join, leave or if their cover changes. The **policy** will tell you if exact cost accounting applies.

Free limit means an amount of benefit we can cover a **member** for without needing medical evidence or details of their pastimes. You can find out more about the free limit in the **policy**.

Member means a person included in the **scheme** in accordance with the eligibility terms.

Partnership accounting is an accounting method we normally use for **policies** that just insure self-employed equity partners or limited liability partnership members. The **policy** will tell you if partnership accounting applies.

Pensionable earnings means the earnings used to work out a **member's** pension contribution cover.

Policy means the legal contract between you and us. It describes who is covered and the benefits we insure. We send this to you when cover starts, and each time the policy is updated.

Scheme earnings means the earnings used to work out the main benefit paid for the **member**.

Sweep up accounting is an accounting method which adjusts premiums at the end of each **policy** year for changes in membership and benefit. Our adjustment assumes all changes took place midway through the year.

Total scheme earnings means the total **scheme earnings** for all **members**.
